

STORY ANIMATION

Create a scary story in Scratch that involved two characters telling each other a ghost story

What 2 sprites will your story involve?

Will the sprites move or change their color/effecr? Describe below

Milestones: Tick the ones you know how to do:

1. Insert Sprites
2. Change backdrops
3. Insert sounds
4. Create story with 2 sprites

Write down what your story will be about?

What type of background will you have in your story? One, two or more?

What sort of music will you use?

Now go ahead and create it! Email me the audio file once done.
